

MERSEN CPD ACCREDITATION

Mersen UK have gained CPD accreditation for our courses in Surge Protection.

We currently have 4 CPD courses available:

- General Fundamentals and Solutions for Construction and Industry (BS7671 18th Edition)
- Surge Protection General Fundamentals and Solutions for LED Street lighting applications (BS7671 18th Edition).
- Surge Protection General Fundamentals and Solutions for PV applications (BS7671 18th Edition).
- General Fundamentals and Solutions for CONSTRUCTION & INDUSTRY - ROI (IS10101: 2020)

Our CPD courses are designed to deliver the knowledge and understanding of Surge protection, the operation and characteristics of the SPD, what is required by the standards and some general installation features.

It is also a great opportunity to raise your questions with a Mersen expert!
We can issue CPD certificates of completion to all attendees.
